

## **Proposal 40**

### **Digest**

This proposed amendment would require all boards and commissions to be periodically evaluated to determine their effectiveness, except for the Board of Water Supply and boards or commissions mandated by federal or state law.

### **Question**

Should all boards and commissions, except for the Board of Water Supply and any board or commission mandated by state or federal law, be reviewed periodically to determine their effectiveness?

Yes \_\_\_\_\_ No \_\_\_\_\_

### **Present Situation**

Boards and commissions are created to serve a public interest or goal and are not evaluated to determine if they are doing so.

### **If Proposal Passes**

The City Council would periodically evaluate all boards and commissions, except the Board of Water Supply and those boards and commissions mandated by state or federal law, to determine their effectiveness.
