Charter Amendment Proposal Form

1. Please provide a brief description of: The Proposed Charter amendment, the purpose of the proposed Charter amendment, the issue or problem to be addressed by the proposal, and how the proposal would address the issue or problem.:

If initiative, referendum, and recall are not part of the City Charter, then they should be, and if they are part of the charter, but have restrictions placed upon the public's ability to use them to hold our government accountable to the people, then those restrictions must be lifted.

It is Initiative that gave Floridians for Solar Choice the ability to have the Florida Supreme Court recently rule in favor of their initiative for solar choice to be placed on the 2016 ballot despite all attempts by Florida Power & Light / Nextera and other monopoly utilities to stop it.

Initiative, Referendum, and Recall give relevancy to the public and allow their voice to be heard in a democracy that is supposed to be of, by, and for the people, instead of what has become the reality, government by, and for corporations, politicians, and all worshippers of money. They will enhance transparency and accountability of politicians to the people there serve.

The state continues in its efforts to pass the same laws.

Ethical standards must be raised out of the sewer and brought into the light of day, again to provide better government that is held accountable to the public.

Furthermore, no gifts of any kind should be accepted by any politician unless they are considered gifts to the city and placed on permanent public display.
