Charter Amendment Proposal Form**1. Please provide a brief description of: The Proposed Charter amendment, the purpose of the proposed Charter amendment, the issue or problem to be addressed by the proposal, and how the proposal would address the issue or problem.:**

This charter amendment seeks to add language to Section 2-102: the Purposes of the City & County. Our end goal is to make sure that the City and County of Honolulu is working on a basis of sustainability to preserve our natural resources and environmental health for generations into the future. These provisions will also align Honolulu's City purpose with the goals of the existing Aloha + Challenge (see attached resolution). The Aloha + Challenge sets sustainability goals that Honolulu has already committed to supporting. Given that Honolulu's economy and lifestyles are centered around our natural landscapes and resources it is pertinent that our charter reflect the protection of these as a priority in perpetuity.
