**Charter Amendment Proposal Form****1. Please provide a brief description of: The Proposed Charter amendment, the purpose of the Charter amendment, the issue or problem to be addressed by the proposal, and how to address the issue or problem.**

The Charter states that almost all the city departments report to the managing director. The managing director supervises these departments and then reports to the Mayor. Why is there another layer of bureaucracy? This is a bloated government, an unnecessary use of our tax moneys. What's the mayor doing? Why did we elect a mayor if the managing director is in charge of the departments and doing all the work? Isn't this the mayor's job to be in charge of all the departments? Isn't that why we elect the mayor? We don't need bureaucracy. We need action.

Get rid of the managing director's position and put the mayor back to work directly with his departments.
